### STOPWARE OFFERS AVERY BADGING SOLUTION IN PASSAGEPOINT VISITOR MANAGEMENT SOFTWARE

STOPware inc., today announced the addition of Avery Photo ID badge templates into PassagePoint software.

STOPware, the leader in visitor management software, embedded templates for Avery card stock and self-adhesive badges into Stopwares PassagePoint software to provide the most complete badging system available for visitor and lobby management. STOPware is pleased to offer its customers the Avery line of badge stock.

"This solution helps us fill a growing need to provide our clients with high quality, color visitor badges on quality stock in a variety of sizes and formats. We are extremely happy to offer this new, one-at-a-time color printing feature to our customers," said Jim Stankevich, VP of business development for STOPware.

PassagePoint is a comprehensive visitor software package that combines the requirements for high level security with visitor badging and visitor management. Lobby personnel can quickly produce professional-looking, full color visitor badges while capturing and storing visitor information in an easy-to-use database to keep todays businesses safe and secure. PassagePoint works with standard computer equipment and the Avery templates and badge stock work with any ink jet printer.

About STOPware, inc. Based in San Jose, California, since 1997, STOPware is a privately-held, investor-owned software publisher specializing in visitor management software. STOPwares flagship product, PassagePoint, is a complete lobby security package, spanning needs from basic visitor badging through high-level security. www.stopware.com. PassagePoint(tm) has become the comprehensive standard in visitor management software since its first release in 1997.
