

# LabelWriter® 320, 330 & 330 TURBO PRINTERS

Item No. 68010

- 1 Pre-printed visitor name badge labels
- 2 Add photos to name badges
- 3 Customize your badge with your company logo
- 4 Personalize your name badge
- 5 Add a one day self expiring sticker for enhanced security

**More cost effective than other security and name badge applications**

## The Fastest Way to Print Name Badge Labels From Your PC with PassagePoint™ Software

Quickly identify any guest visiting your company. DYMO LabelWriter printers enhance your PassagePoint security system from STOPware by printing professional looking name badges. For enhanced company security, use a LabelWriter one-day self-expiring sticker. Simply place the two-label system on your current name badge for more control over visitors entering your corporate offices. Special add-ins enable you to print labels direct from Microsoft Word, Microsoft Outlook, Palm Desktop software 4.0, GoldMine and ACT!, with no retyping necessary. Whatever your labeling need, the LabelWriter makes it easy.

*(See reverse side for product features and specifications)*

## DYMO

*For over four decades, setting the pace in labeling innovation.*

The DYMO brand has always been synonymous with category leadership. Our ideas helped create the labeling category when we introduced our very first embossing labelers more than 40 years ago.

Today, DYMO innovation continues...with a new generation of labeling products that exceed consumer expectations.
